

A Munich Re company

## MEAG for institutional clients at a glance

With EUR 339 billion of assets under management (September 2021), MEAG is one of Europe's biggest asset managers. We are part of Munich Re Group. Our clients benefit from a risk-controlled investment approach and asset management expertise built up over many years.

### Wide range of expertise

We manage the asset classes important to you, including fixed income securities, equities, real estate and alternative assets such as renewables and infrastructure.

### Knowing what moves the markets

Our Research department with its macroeconomic focus enables us to make unbiased assessments. Our Investment Committee combines these with microeconomic factors and capital markets data to determine country and sector allocations.

### Risk-controlled investment approach

Our experts apply a risk-controlled investment approach targeting a balanced risk-return ratio. Our goal is to generate a top long-term performance for our investors. We have outstanding expertise in assessing capital market risks and guarantee effective risk management.

### Sustainable investment strategies

We have in Munich Re an internationally recognized expert in risk management, sustainability and climate change by our side. We can offer you individually customised ESG strategies, reporting services and successful sustainable mutual funds (such as the MEAG FairReturn<sup>1</sup>, MEAG Nachhaltigkeit<sup>2</sup> and the MEAG EM Rent Nachhaltigkeit<sup>2</sup>).
